

Tucker Tomorrow

Help Shape the Future of Your City

Tucker is embarking on the development of the City's first Comprehensive Plan. The plan will define the vision for the future of Tucker, establish community goals and prioritize steps for achieving goals. Topics to be considered are broad ranging - from land use, economic development, housing and natural resources to parks and recreation. The Comprehensive Planning process will incorporate a collaborative, nine-month engagement of the community that will result in a blueprint for achieving the desired future for Tucker. Please participate. We would like to hear from you.
