This RFP is issued under the authority of the Purchasing Division of the City of Tucker. The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria.

#### 1.2 Procurement Officer Review of Proposals

#### A. Determination of Responsiveness

The procurement officer will determine whether a proposal is classified as either "responsive" or "non-responsive". Proposals may be found non-responsive any time during the evaluation process if any of the required information is not provided; the submitted price is found to be excessive or inadequate as measured by criteria stated in the RFP; or the Proposal is not within the plans and specifications described and required in the RFP. If a Proposal is found to be non-responsive, it will not be considered further. If an offeror is found non-responsive, the determination will be in writing, made a part of the procurement file, and communicated to the affected offeror.

#### **B.** Determination of Responsibility

The procurement officer will determine whether an offeror has met the standards of responsibility. Such a determination may be made at any time during the evaluation process if information surfaces that would result in a determination of non-responsibility. If an offeror is found non-responsible, the determination must be in writing, made a part of the procurement file, and communicated to the affected offeror.

#### **1.3 Evaluation of Proposals**

All responsive Proposals will be evaluated based on stated evaluation criteria.
