EXHIBIT A – SCOPE OF WORK RFP 2025-007 Call Center Services

PURPOSE

The City of Tucker is requesting proposals for a full-service call center vendor. The goal of this service is to proactively field calls and provide callers with high level knowledge, determine the need for escalation and correctly direct the call to the subject matter expert on staff.

BACKGROUND

The City of Tucker was incorporated in 2016 after a landmark vote of nearly three quarters of voters approving the grass roots efforts of their neighbors and the Tucker 2015 organization. The City of Tucker operates under a council-manager form of government with a city council comprised of a mayor and six council members elected by the people on a nonpartisan ballot for four-year terms.

The City of Tucker covers more than 22 square miles with a population of over 38,000 residents. It provides core services including planning and zoning, code enforcement, parks and recreation, and public works. Other services like water, sewer and sanitation happen through intergovernmental agreements (IGAs) with DeKalb County. Law enforcement is provided through an IGA with DeKalb County Police. Officers from the Tucker Precinct enforce laws and ordinances throughout the boundaries of the city. Tucker is also home to the headquarters for DeKalb County's Police and Fire Rescue operations.

Located in northeastern DeKalb, Tucker was always considered a place with strong community engagement and representation in the county government. Through volunteer organizations like the Tucker Civic Association and Main Street Tucker Alliance, the residents advocated for the community, held festivals and fundraisers to support and celebrate each other.

It is this pride in Tucker's neighborly kindness that has helped guide the city government in its decision and policy making and created the Tucker Way.

The number of calls received in 2023 was 13,209. The number of calls received in 2024 was 14,010. For both years, approximately 8% of the calls were received after standard business hours.

Technical Requirements and Proposal Instructions

1.0 RFP STANDARD INFORMATION

1.1 Authority

This RFP is issued under the authority of the Purchasing Division of the City of Tucker. The RFP process is a procurement option allowing the award to be based on stated evaluation criteria. The RFP states the relative importance of all evaluation criteria.

1.2 Procurement Officer Review of Proposals

A. Determination of Responsiveness

The procurement officer will determine whether a proposal is classified as either "responsive" or "non-responsive". Proposals may be found non-responsive any time during the evaluation process if any of the required information is not provided; the submitted price is found to be excessive or inadequate as measured by criteria stated in the RFP; or the Proposal is not within the plans and specifications described and required in the RFP. If a Proposal is found to be non-responsive, it will not be considered further. If an offeror is found non-responsive, the determination will be in writing, made a part of the procurement file, and communicated to the affected offeror.

B. Determination of Responsibility

The procurement officer will determine whether an offeror has met the standards of responsibility. Such a determination may be made at any time during the evaluation process if information surfaces that would result in a determination of non-responsibility. If an offeror is found non-responsible, the determination must be in writing, made a part of the procurement file, and communicated to the affected offeror.

1.3 Evaluation of Proposals

All responsive Proposals will be evaluated based on stated evaluation criteria. In scoring against stated criteria, the City may consider such factors as accepted industry standards and a comparative evaluation of all other qualified RFP responses in terms of differing price, quality, and contractual factors. These scores will be used to determine the most advantageous offering to the City.

2.0 PROPOSAL SUBMISSION AND EVALUATION

2.1 Preparation of Proposals

Each Proposal should be prepared simply and economically, avoiding the use of elaborate promotional materials beyond those sufficient to provide a complete presentation.

If the firm has branch offices, state which office will be performing the majority of the work.
- C. The consultant should provide a minimum of three (3) references.
- D. The consultant shall provide a Certificate of Insurance with current Worker's Compensation, General Liability and Professional Liability policies for the purposes of verifying current policies. This document will not be counted toward the 10-page limit.

For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).
